# About *Bonne Terre Living*

**At Bonne Terre, we believe outdoor spaces should be an extension of the way you live, gather, and enjoy life. Our modular outdoor kitchens combine modern design, sleek aesthetics, and thoughtful functionality to create beautiful spaces made for outdoor living.**

Designed with flexibility in mind, our modular systems allow you to create an outdoor kitchen that fits your space, style, and lifestyle. Every detail is crafted to bring together clean lines, contemporary elegance, and practical performance.

More than just a kitchen, Bonne Terre creates the setting for memorable moments—an inviting outdoor dining experience where family and friends can gather together, share good food, and enjoy great conversations.

*Bonne Terre* — beautifully designed for outdoor living, together.

# *Aunora* Collection

## Marine-Grade Powder Coated Aluminum

**The *Aunora* Outdoor Kitchen Collection combines durability, modern design, and premium performance. Crafted from marine-grade aluminum, it offers long-lasting resistance to the elements, while bringing a sleek, contemporary aesthetic to any outdoor space.**

Designed with modularity and customization in mind, *Aunora* allows the customers to create an outdoor kitchen tailored to their needs. Its interchangeable storage system maximizes flexibility, enabling accessories to be easily rearranged across cabinets for a personalized layout.

Whether configured as a bar-style island, wall-mounted kitchen, corner setup, or multiple independent islands, *Aunora* adapts seamlessly to the space. Its modular design is compatible with most leading outdoor appliances, offering a versatile, future-ready solution.

Every detail of *Aunora* focuses on functionality, aesthetic appeal, and an elevated outdoor cooking experience. From intelligent storage to flexible configurations, this collection delivers a professional-grade, luxurious outdoor kitchen that meets the demands of discerning buyers.

# The Materials

Constructed from robust marine-grade aluminum and premium 304 stainless steel hardware, these cabinets are engineered for lasting durability.

- Marine-Grade Aluminum Construction:

Lightweight yet exceptionally strong, engineered for all-weather performance and suitable for any climate.

- Industry-Leading Durability:

Designed to withstand extreme conditions—from winter snow to summer heat—setting a new standard in outdoor kitchen longevity.

# *Lenor* Outdoor Kitchen Collection

## Powder coated Galvanized steel & Stainless Steel Fronts

**Designed for refined outdoor living, the Lenor Collection combines durability, functionality, and timeless contemporary design.**

The outdoor kitchen is constructed with robust galvanized steel frames, complemented by stainless steel drawers and door fronts for exceptional resistance to the elements.

Clean lines and carefully considered details, create a sophisticated yet highly practical kitchen, built to perform outdoors while maintaining its elegant appearance over time. The Lenor Collection brings the functionality of an indoor kitchen into the open air—creating a seamless space for cooking, entertaining, and enjoying outdoor living.

# The Materials

- **Premium Construction:**

*Anna* outdoor kitchens are built from high-quality galvanized steel with a durable powder-coated finish, engineered to withstand all weather conditions and climates.

- **Durable Hardware:**

All door slides, hinges, pulls, and leveling legs are made from outdoor-grade 304 stainless steel, to ensure long-lasting performance and reliability.

# The Finishes

- **Enhanced Cabinetry Thickness:**

Cabinet panels are double the thickness of most stainless steel models on the market, providing superior durability and a luxurious, high-end appearance.

- **Eco-Friendly Powder Coatings:**

Our special outdoor-use powder coatings offer excellent chalk resistance, adhesion, and corrosion protection, performing reliably under sun, rain, and snow.

- **Contemporary Color Options:**

Available in a range of modern colors, our finishes elevate any outdoor living space with style and versatility.

# Pesonalize The Style, with mutiple colors choice!
